

## Opus Solutions announces ISO 9001 and AS9100C Certification

**Irvine CA (May 2016)** Opus Solutions, Inc. is pleased to announce the achievement of ISO 9001:2008 and AS9100C certification. DNV GL Business Assurance USA, Inc. certifies that our business processes conform to the Quality Management System standard: AS9100C and ISO 9001:2008.

AS9100 is an international standard with specific requirements for quality management systems focused on 1) the ability to consistently provide products that meet customer and applicable statutory and regulatory requirements and 2) enhanced customer satisfaction through effective applications of systems and continuous improvement.

This milestone demonstrates the company's ongoing commitment to delivering a quality product and service to our customers. As stated in our mission statement; "Opus Solutions Inc. is committed to providing customers with superior products of high quality that meet customer requirements and exceed expectations."

Our goal has always been one of uncompromised quality. Opus engaged in ISO 9001:2008 and AS9100C certification to demonstrate our commitment to this quality. We strongly believe that these process improvements have and will continue to have the beneficial effect of making our company better and sustain customer confidence in the quality of our manufacturing process.

### **About Opus Solutions, Inc.**
